Location: Manchester/Warwickshire

### Profile

As of the beginning of 2026, I am a second-year student at Manchester Metropolitan University as part of the undergraduate Photography course. During my time so far, I have worked on projects such as Narrative and Authorship, and archives. I am also employed part time by the university the primary videographer for Man Met Sport. Alongside this, I run a business called WF Snaps, where I create a variety of photo and video content for a range of clients, from American football teams to property investors.
